QUINTA QUIETUD
2001

There are 2,400 cases of this wine made in conjunction with the Hebrerd family from St. Emilion (They were once part of the ownership consortium of Cheval Blanc). This is another super 2001 from Toro. A dense ruby-prurple color is followed by gloriously ripe aromas of black cherries truffles licorice, and white chocolate. With a superb texture, full bodied opulence, and explosive fruit. It is a dazzling Toro to drink.
